PART I.

GENERAL

Proceedings of the Government of Mysore,

READ THE FOLLOWING PAPERS :—

(1) Letter No. 220, dated 19th April 1901, from the Secretary to the Board of Examiners, Mysore Local Service and Pleaders' Examinations.

In compliance with the Proceedings of Government No. 8351—Mis. 1792, dated the 19th December 1900, I have the honor to submit for the approval of Government a draft Notification consolidating the Mysore Local Service and Pleaders' Examination Rules with certain slight modifications (indicated below) which have received the approval of the President and the Members of the Board.

In the subjects prescribed, Rules and Regulations replaced by later enactments are duly noted. The only change made is the substitution of "Macpherson's Law of Mortgages in British India" in lieu of the Transfer of Property Act IV of 1882, which is not in force in Mysore. The Board considers that it will be useful to make the candidates study the general principles governing the subject of Mortgages.

The portions prescribed in Volume II of the Civil Account Code have been removed. For some time past questions have not been set on these portions as Volume II is not available to the public, only Volume I being sold by the Government of India.

The note to Rule 1 has been altered. When a candidate appears for the Civil, Part I, and Criminal Examinations in the same year, he has of course to answer only one paper on Evidence. But the rule now in force exempting candidates who have passed the Civil, Part I, or Criminal Examination in any year from answering the paper on Evidence when they appear in any subsequent year for either the Criminal or the Civil, Part I, Examination is undesirable. No such exemption is allowed in the case of the Special Test Examinations in Madras. Candidates are also some times at a disadvantage as they have to secure passing marks in the other subjects only (excluding Evidence).

The provision regarding grace marks (2nd clause of Rule 4 in the draft) is expunged. Since the minima required for a pass were raised in 1898 not a single candidate came within the operation of this rule.

In Rule 8 (b) "Assistant" is substituted for "Deputy" as several candidates, especially those appearing for the minor examinations (such as Registration etc.,) find it difficult to obtain a certificate of character from an Officer "of or above the rank of a Deputy Commissioner."

To Rule 10 a clause has been added dispensing with the production of a certificate of physical fitness in the case of candidates appearing for the Pleaders' Examinations following the Madras practice in the matter.

The note under Rule 12 is re-cast so as to make the matter clear.

The form of application prescribed by Rule 13 is slightly altered so as to conform to the form in actual use now.

I am to request that the Notification may, after approval, be published at a very early date in the *Mysore Gazette* so that candidates for the examinations to be held in November 1901, may have timely notice of the changes. Besides the Rules have to be printed in book form for sale to the public at the Government Book Depot. The present stock has been exhausted and all applicants have been informed that the Rules are being revised and copies will shortly be made available.

(2) Letter No. 207, dated 12th February 1902, from the same Officer.

In continuation of this Office letter No. 220—E., dated the 19th April 1901, submitting for the approval of Government, a draft Notification consolidating the Mysore Local Service and Pleaders' Examinations Rules, I am directed to state that the said draft Notification has to be amended in respect of the syllabus of subjects for the Revenue and Excise Examinations owing to the passing of the new Revenue Rules and Excise Regulation and the publication of

the Revenue Manual. In Rule 1 under the head Revenue Examination the following has to be substituted for the syllabus already given :—

(b) Mysore Land Revenue Rules.	(1) Mysore Land Revenue Rules in force. (2) Mysore Revenue Manual, Part I, Chapters V to IX, Edition of 1901.	100

Excise	(1) Excise Regulation V of 1901 and Rules in force. (2) Opium Act I of 1878 and Rules framed thereunder.	100

I am to request that the Rules may be approved and notified in the *Gazette* at an early date, so that candidates for the examinations to be held in November next may have timely notice of the changes.

No. 17844-83—G. F. 349-92, DATED BANGALORE, 8TH MAY 1902.

Letter No. 2109, dated 17th April 1902, from the First Assistant to the Honorable the Resident in Mysore.

(1) I am directed to acknowledge the receipt of your Secretary's letter No. 13116—Pol. P. 193-92, dated the 7th February 1902, forwarding a report on the condition of the principal stations of the Great Trigonometrical Survey situated in the Mysore State, during the year 1901.

(2) The report was communicated to the Superintendent, Trigonometrical Surveys, Dehra Dun, who has now intimated that it is complete and satisfactory.

(3) Three blank copies of the form of Annual Return are enclosed, on the first page of which will be found "Notes on the preparation of the return" and "Measures necessary for the protection of stations." Attention is also invited to the following memorandum :—

"The most important measure is to prevent the mark-stones in the basement of the pillars from being disturbed; when therefore a pillar has entirely fallen down, it will suffice if the *debris* is heaped over it in the form of a cone and plastered over with mud, which can be effected at a trifling expense. If it should, however, happen that the mark-stone has been removed, every endeavour should be made to preserve the site by raising a mound of earth, or of earth and stones a few feet high, over the spot whence the mark-stone has been removed. See also page 1 of the form of Annual Return for further details, if desired."

"As the funds available for the protection of stations do not allow of a greater average expenditure than Rs. 4 or Rs. 5 per station annually, the repairs should be restricted to the protective measures detailed above."

Annual Return showing the condition of the Pillars and Towers, or Platforms marking the Principal Stations of the Trigonometrical Survey in the District of.....

Notes on the preparation of this Return.

(1) In the blank space above, enter the name of the District, Collectorate, Native State or other Territorial Division for which the Return is made.

(2) In column 1 of the Return (see next page) insert the name of the station as given in the list prepared in the Trigonometrical Survey Office, whenever practicable; the names should be written in the order in which they occur in the Survey lists.

(3) When a station cannot be identified by the Survey name, but a Tower or Platform is found which is presumably a Survey station, insert the name by which it is locally known, in column 2.

(4) In column 3 give the name of the village within the limits of which the station is situated.

(5) In column 4 give the name of the Tahsil, Pargana, Taluka, Thana, or other commonly recognized sub-division, in which the station is situated.

(6) In column 5 give the name of a few of the principal adjoining villages; this is necessary to facilitate identification in the Survey Office.

(7) In column 6 state the condition of the station and estimated cost of repairs.

(8) In consequence of changes in the boundaries of Districts etc., several stations do not now appertain to the District for which they were returned by the Survey Department. Notices of such alterations will be very valuable, and should be inserted in the Return.

(9) The Return should be sent in annually, as soon as possible after 1st January, to the Superintendent, Trigonometrical Surveys, Dehra Dun, from whom blank copies of this form may be obtained on application.

Measures necessary for the Protection of the Principal Stations.

Description of Station.	*Protective Measures.*
1. Hollow Towers of *pakka* masonry.	1. Stop all cracks; close the trap door; block up the windows and the doors in the basement; and should the roof fall in, shape the *debris* in the form of a cone over the basement. If a pillar exists, cover it over with earth, or earth and stones, in the form of a pyramid.
2. Solid Towers of *kacha* masonry, with a central solid *pakka* pillar.	2. Prevent water from percolating to the pillar, by stopping all cracks with mud, and cover the summit of the pillar with earth, sloped away to carry off the rainfall.
3. Solid Towers of *kacha* masonry, with a central perforated *pakka* pillar.	3. Adopt the same precautions as in 2, and close the passages leading to the ground level mark-stone with earth and stones if open.
Description of Station.—concluded.	*Protective Measures.*—concluded.
4. Low platforms of *kacha* materials with a central solid *pakka* pillar.	4. Repair the platform and construct a pyramidal pile of earth, or earth and stones, over the pillar and partly resting on the platform.
5. *Pakka* pillars, circular above and square below.	5. Close the passages leading to the mark-stones with earth and mud, and prevent water lodging near the base of the pillar.
6. *Pakka* pyramidal pillars.	6. Cover over with earth and stones as in 4.

Remove vegetation from the roof of the pillars and the platforms, and keep the space round them clear.

N.B.—As the funds available for the protection of stations do not allow of a greater average expenditure than Rs. 4 or Rs. 5 per station annually, the repairs should be restricted to the protective measures detailed above.

(1) Docket No. 604, dated the 2nd December 1901, from the Superintendent of the Government Press, stating that out of the two posts of Proof Readers on Rs. 10 each per mensem belonging to the Archæological section of the Government Press, one has fallen vacant by the death of one Krishnasawmy Mudaliar, and requesting that the pay of these two posts be amalgamated and that a pay of Rs. 20 per mensem thus combined be given to one H. Venkataramaniya, the other Proof Reader on Rs. 10, with effect from the 1st December 1901.

(2) Letter No. 923, dated the 12th March 1902, from the same, stating that as the Branch Press at Mysore delayed to print the portion of the Archæological work sent to it, and as the Director of Archæological Researches in Mysore required him to make suitable arrangements for expediting the printing of Archæological inscriptions, he recalled the work from the Branch Press to the Central Press, and also took, in March 1902, two Compositors therefrom who were hitherto paid at the Branch Press by piece-work system, and requesting that sanction be accorded to these two officials being brought on the Archæological section of the Government Press, and paid a pay of Rs. 13 and Rs. 12 a month respectively, and adding that in consequence of this increase in the establishment, a corresponding reduction of Rs. 300 be made in the Archæological budget out of the provision of Rs. 400 under the head "Cost of Type purchased."

(3) Letter No. 1812, dated the 14th April 1902, from the Director of Archæological Researches in Mysore, seconding the above proposals of the Superintendent of the Government Press.

No. 18575-7—G. F. 397-92, DATED BANGALORE, 26TH MAY 1902.

ORDER THEREON.—The proposals of the Superintendent of the Government Press as contained in the first two communications read above and in the proposition statement appended to these Proceedings are sanctioned, the extra charge involved being debited to savings in the Archæological budget for the current year.

2. The Comptroller is requested to make the necessary provision for the charge in the ensuing year's budget, and to reduce the provision from Rs. 400 to Rs. 100 under the head "Cost of Type purchased."

3. The Superintendent of the Government Press is requested to intimate the Comptroller direct the date in March 1902 on which he took the two Compositors from the Branch Press at Mysore to the Central Press at Bangalore, to admit of their pay being passed from that date.

4. As the printing work of the Archæological Department has to be done very expeditiously, the Superintendent, Government Press, is requested to employ the establishment referred to above purely upon Archæological work.

2. From the above it appears that the total demand including the uncollected arrears of previous quarter was Rs. 2,42,790, of which Rs. 1,10,471 was collected leaving a balance of Rs. 1,32,319 to be collected at the end of December 1901. It is satisfactory to note that the outstandings at the end of the quarter under review were less than those at the end of the preceding quarter, that the percentage of arrears is only 3·62 in the Municipalities of the Chitaldrug District and that in the marginally noted 28 minor municipalities there were no arrears at all left uncollected at the end of the quarter.

3. The percentage of outstandings to the total demand at the end of December 1901, is however more than that at the end of September in all the municipalities except the Cities of Bangalore and Mysore and the Districts of Shimoga and Kadur

as shown in the following statement. The Presidents of these municipalities as well as others, where balances are still large, are requested to see that every endea[illegible] made for the collection of all recoverable items at as early a date as possible and to report the result to this office, a statement of irrecoverable balances being submitted to Government for their being written off the accounts as required in Government Proceedings No. 14635-42—L. 4. Government regret to observe that there is great delay in the submission of these statements and that the President of the Bangalore City Municipality submits these once in every two months instead of monthly. The attention of the Presidents is invited to Government Proceedings No. 4492—L. 552, dated 9th June 1899, and they are requested to enforce punctual submission of these statements in future so as to reach this office on or before the 20th of the month following that to which they relate.

The following Report of the Inspection of the Rampur Agricultural Bank in the Koratagere Sub-Taluk, made by the Deputy Commissioner of the Tumkur District, received with No. 308, dated 29th March 1902, from the Inspector of Agricultural Banks in Mysore.

Report on Inspection of the Agricultural Bank at Rampur in the Koratagere Sub-Taluk, Tumkur District.

1. Date of present inspection.

8th, 9th and 10th February 1902.

2. (*a*) Whether there is a duly registered suitable Bank office where members and depositors could call and have their business attended to; (*b*) and if there had been any change in the office since last inspection, why necessitated; (*c*) and whether duly registered?

(*a*) Yes. The Bank office is located in a small room, which is a portion of the shanbhog's (Agent) Hampannaiya's house, bearing old Khaneshumari No. 98 (recent Census No. 72).

(*b*) The Bank office had been temporarily removed to premises No. 70 owing to certain repairs, which had to be executed to the Bank office room between August 1898 and February 1899, *i. e.*, for six months. The Resolution regarding the change was not confirmed.

(*c*) No; being temporary, not considered necessary by the responsible parties.

3. (*a*) Whether any dates and hours are fixed for transaction of business, (*b*) whether business is regularly transacted at those dates and hours; (*c*) if no appointment is thus made, what arrangements exist for the due transaction of business when members and depositors call; (*d*) and on how many days in a month is business done?

(*a*) No dates and hours are fixed for transaction.

(*b*) & (*c*) No. Business is transacted only as often as necessary in the month and in the presence of either the President or the Agent, besides that of at least one of the Directors.

(*d*) In the seasons of collection, *viz.*, June and December the Bank office is kept open for nearly the whole month. At other seasons, work is done for a week every month on an average.

4. (*a*) & (*b*) Whether the Bank's registers, accounts, title-deeds, documents, cash balance and other property are kept in the Bank premises in the custody of the President and Agent; and (*c*) if any of them are not so kept, where and how they are kept; (*d*) under what authority and upon whose responsibility?

(*a*) No.

(*b*) The cash is kept in the custody of the President in his private dwelling, and the registers, accounts, documents, etc., are kept in the Agent's custody, under the Bank Resolution.

(*c*) & (*d*) As per Bank's Resolution (by the Board of Directors) under date the 18th August 1898.

5. (*a*) Whether the villages to which the members belong are sufficiently near (within a radius of five miles) to the Bank house, and duly registered; (*b*) at what distance do the majority of members, the Directors and office-bearers reside; (*c*) and if business was extended to any new village whether there was proper sanction for it?

(*a*) Yes, within the radius of three miles.

Yes. Duly registered.

(*b*) All within a mile from the Bank office.

(*c*) No new village has been added to the Bank register.

6. (*a*) As regards members, whether and to what extent there has been any increase or decrease in their number since formation of the bank or last inspection; (*b*) what was the decrease, if any, due to; (*c*) were the new members duly qualified, duly elected, and registered; (*d*) in case of members belonging to a joint Hindu family or otherwise possessing a qualified or limited status, whether there is proper representation of interests involved; (*e*) whether in the practical working, the Bank has gained or lost in strength, energy and usefulness since formation or last inspection?

(*a*) No increase, but two members are dead since the last inspection. The present strength is 26 on the register.

(*b*) The deceased members have not been replaced.

(*c*) No new members.

(*d*) Yes.

(*e*) Since formation of the Bank, the total strength (*viz.* 29 members) has decreased by the death of two members. The rest of the members find the institution useful.

7. (*a*) As regards credit, solvency and resources of members, whether a complete and accurate list of the lands of members is maintained; (*b*) if not, how is the omission explained; (*c*) to what extent have fluctuations in the number of members affected the united credit of the Bank; (*d*) any notable instances of new acquisition or improvement since formation of the Bank or last inspection; (*e*) any notable instances of sale or other kind of transfer, relinquishment or deterioration; (*f*) how these have affected the solvency and resources of the members concerned and of the Association as a whole; (*g*) what guarantee, if any, has the Bank obtained or the rules of the General Assembly afford against alienations and relinquishments prejudicial to the Bank's interests; (*h*) compare the net amount of the value of property as per latest authenticated list with the amount of liabilities of the Bank at date of inspection?

(*a*) & (*b*) A complete and accurate list of the lands of members is maintained and the properties are said to be in the possession and enjoyment of the members as at the starting of the Bank.

(*c*) The fluctuation in the number of members has not affected the credit of the Bank.

(*d*) None to deserve noting.

(*e*) In *one instance* the khate of the hypothecated immoveable property of *a member* (Bheemanna) has been transferred to his brother and nephew with the knowledge of the Bank. The names of the two latter have been sent up to the Inspector of Agricultural Banks for registry. Intimation of registry is awaited.

(*f*) The abovementioned transfer has not affected the solvency or the resources of the member.

(*g*) The documents executed by members in favor of the Bank contain a general clause providing against any act on the part of the member, prejudicial to the interests of the Bank.

(*h*) Net value of property hypothecated to the Bank is Rs. 22,760.

Total amount of the liabilities of the Bank, exclusive of interest is Rs. 6,013.

8. (*a*) As regards Bank's funds, note whether the limit fixed at formation had been increased or decreased under due authority; (*b*) whether the Bank had in its dealings unauthorizedly exceeded the limit and if so, how is this explained or proposed to be rectified; (*c*) classify the Bank's funds at date of inspection with reference to the sources from which they were derived, *viz.*, entrance fee, contributions, loans from Government, if any, loans from others, deposits from members (1) in cash and (2) in grain, deposits from outsiders, debentures etc.

(*a*) The class limits have not been exceeded or reduced.

They are as follows:—

	Rs.
Limit of the 1st class loan ...	1,000
„ 2nd „ ...	200
„ 3rd „ ...	100
„ 4th „ ...	50

(*b*) No.

(*d*) Note whether the Bank's credit is well established and sustained, or steadily growing; (*e*) if otherwise to what extent such result is due to any action or omission of the Bank's authorities and what other causes are likely to have contributed to it; (*f*) whether the lessons of co-operation, mutual help and thrift are understood and practised, if not, inculcate them to as large a body of members and outsiders as can be gathered?

		Rs.	a.	p.
(*c*) 1	Entrance fee ...	14	8	0
2	Contribution ...	.....		
3	Loans from Government	5,850	0	0

6	Deposits from outsiders	....		
7	Recoveries of interest minus expenditure.	318	2	6
8	Fines, penalties etc.	4	12	3

(*d*) The Bank's credit continues to be the same as at starting. No outsiders have carried on transactions with it by deposits etc.

(*e*) This is attributable to the ignorance of villagers who are slow in trusting each other.

(*f*) Understood but cannot be said that it is practised.

9. (*a*) As regards Government loan, note whether the terms fixed for repayment are duly acted up to or there has been gross delay, dilatoriness or neglect; (*b*) the amount outstanding against the Bank at date of inspection; (*c*) whether the loan may be continued subject to the terms allowed for repayment or (*d*) whether in your opinion it is advisable to withdraw the loan under the provisions of Sections 74 and 75 of the Articles of Association; and state reasons for such opinion briefly and concisely?

Yes. This has been done.

(*a*) The first prescribed payment towards the principal, *viz.*, Rs. 650 was made to Government on the 30th June 1901.

Half-yearly interest is being regularly paid

(*b*) Rs. 6,283-11-1.

(*c*) May be continued (*vide* general remarks on the state of the Bank, last page).

(*d*) Not necessary.

10. (*a*) As regards loans and deposits from others note the terms allowed, generally in regard to rate of interest and time for repayment; (*b*) whether the sanction of the General Assembly had been obtained to the rates of interest and other essential terms; whether the obligations incurred were, in any way in excess of the Bank's requirements or of what local conditions of credit, prudential considerations and the progress and well-being of the Bank justified; (*c*) whether the Bank authorities are alive to the importance of placing themselves in a position to discharge the obligations incurred, punctually, completely and satisfactorily?

(*a*) No cases of deposits or loans from others.

(*b*) ——

(*c*) Yes.

11. (*a*) As regards the Bank's transactions—Compare the Cash Book with Ledgers, Receipts, Chalans, Cheques, Treasury Pass Book, Contingent and Establishment Registers, Documents etc. Is it posted up from actual transactions as they occur and in the order of their occurrence, and are entries made so clear as to be easily intelligible and traceable through the other accounts? (*b*) If discrepancies and omissions due to mere oversight or ignorance are found, have them rectified in a business-like manner as far as practicable and (*c*) note here such as are considered to be grave. (d) In the case of corrections, see if they are initialled by the President and Agent, and if any of the

ORDER THEREON.—The state of the affairs of this Bank as shown by the personal inspection made by the Deputy Commissioner is on the whole satisfactory.

2. The inadequacy of control and audit noticed by him should receive due attention.

3. The desirability of replacing the present Agent by a more eligible person as quickly as possible should be impressed upon the members of the Bank. The Agent is a most important official and on his solvency, unselfishness and zeal, depends much of the success of so useful an institution as this.

4. One of the prescribed Registers (No. IV) is reported not to have been systematically kept, while five others (Nos. XVII, XVIII, XXI, XXII and XXIII) do not seem to have been maintained at all. This defect should be remedied as early as practicable.

1. Kadur Deputy Commissioner's Inspection Note No. 602, dated 21st February 1902, bringing to notice several irregularities in the working of the Chikmagalur Agricultural Bank and making certain recommendations.

2. The Agricultural Bank Inspector's Memo dated 29th April 1902, offering certain observations on the subject.

No. R. 5313-5—R. F. 117-95, DATED BANGALORE, 24TH MAY 1902.

ORDER THEREON.—The report is on the whole unsatisfactory. Bad seasons seem partly accountable for this, and Government are not therefore unwilling to continue to treat this Bank with every possible consideration. There has, in their opinion, not yet been such a return of favourable seasons as was contemplated in Proceedings No. 9376-7—R. F. 117-95, dated 20th May 1901, and as would justify the Bank being sold up in case the repayment of the advance by instalments does not immediately commence. One year more may be allowed to the Bank within which to make suitable arrangements for the payment of the first instalment. In case of default, Government would be driven to the necessity of adopting coercive measures for the recovery of their money. It is hoped that the members will realise the gravity of the situation and do their very best to save the institution from a collapse.

2. As regards interest, however, no excuse of any kind can be accepted. The whole of the arrears due on this account should be paid up in full before the end of June 1902. The Deputy Commissioner will impress upon the members of the Bank the risk they run, the whole of the advance being recalled at once in case they fail to meet this very reasonable demand. A report of action taken and of the result thereof should be submitted in the first week of July next. Any reserve or other fund at the credit of the Bank in the Treasury should be appropriated towards the interest due.

Letter No. 757, dated 23rd April 1902, from the Deputy Commissioner, Kadur District, submitting for the orders of Government letter No. 181, dated 23rd April 1902, received from the President of the Chikmagalur Agricultural Bank, requesting that the Bank members may be permitted to raise a loan for this year's working expenses on the security of their crops of the year 1902-03.

No. R. 5317-9—R. F. 117-95, DATED BANGALORE, 24TH MAY 1902.

ORDER THEREON.—What was intended to be a concession for one year was on a special representation extended to a second year and the present is an application for its further extension to a third year. The application is silent as to the grounds on which it has been made. The question is whether the crop of the year 1901-02 was so poor as not to enable the members of the Bank to save enough to pay the ordinary working expenses of the year 1902-03. There is further no information forthcoming as to how much was borrowed in the past two years, and whether the same has been fully repaid or not. The Deputy Commissioner will be good enough to call upon the Bank to furnish him with the necessary particulars on the above points and if satisfied after careful enquiry that they are correct, that the monies borrowed have all been fully applied for the purpose intended and that the loans now proposed to be raised are required and will be wholly applied for the working expenses of 1902-03, which the members are not in a position to meet otherwise, he may as a last and final concession not to be again repeated, permit loans being raised on the security of the crop on the same terms and conditions as those laid down in connection with the loans of 1901-02. The grant of this permission is of course contingent upon, and can only follow, the payment in full of the whole of the interest due by the Bank till the end of December last.

2. A report as to the action taken with reference to the foregoing orders should be submitted for the information of Government.

2. The attention of the Deputy Commissioners of Bangalore, Mysore, Hassan and Shimoga is drawn to the number of darkhasts pending for three years and upwards, which is considerable. As such delays must cause inconvenience to the applicants and loss of revenue to Government it is hoped that there will be no delay on the part of any Amildar in their speedy disposal.

3. The total number of undisposed of darkhasts in the Tumkur, Mysore, Hassan, Shimoga and Kadur Districts, is very large. It is hoped that greater attention will be paid by the Local Revenue Officers to this important work.

4. There was considerable delay in the submission of the statement from the Hassan District. In some cases the dates of the darkhasts given are 27th October 1901, 16th December 1901 and 12th December 1901, etc. As the statement relates to the quarter ending 30th September 1901, these should not have been shown in it. The abstract given at the end of the statement having been found incorrect revised figures have now been inserted. It is hoped that such delays and errors will not recur.

1. Docket No. 544-520, dated 3rd February 1900, from the Deputy Commissioner, Chitaldrug District, to the Secretary to the Government of Mysore, General and Revenue Departments.

In submitting herewith the Davangere Assistant Commissioner's report No. 145, dated 23rd ultimo, with its enclosure, regarding the incorrect demarcation of boundary between the villages of Kalhalli of the Kudligi Taluk, Bellary District, and Giddanahalli of the Challakere Taluk of this District, has the honor to request that the Bellary District authorities may be moved to make the necessary corrections.

2. Letter No. 5960-R. 1903, dated 16th February 1900, from the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Hon'ble the Resident in Mysore.

1. I am directed to state that the Deputy Commissioner, Chitaldrug District, brings to notice that the British Survey authorities have wrongly placed certain boundary stones between the Kalhalli village of the Kudligi Taluk, Bellary District, and Giddanahalli village of the Challakere Taluk, Chitaldrug District, so as to include within the boundaries of the former village, 9 guntas of land out of Survey Nos. 18 and 2 of the latter village. I am therefore to request that the Government of Madras, may kindly be moved to have the boundary stones fixed by the Madras Survey authorities removed and placed in their proper positions between the two villages.

2. A sketch showing the position of the boundary stones at present fixed by the Madras Survey authorities and the correct position to which they should be removed, is also forwarded for reference.

3. Endorsement No. 3966—92-900, dated 13th August 1900, from the First Assistant to the Hon'ble the Resident in Mysore.

Copy of the following letter forwarded to the Dewan of Mysore, for information, with reference to his letter No. 5960—R. 1903, dated the 16th February 1900, and for the favor of the views of the Durbar :—

Letter No. 2054, dated 1st August 1900, from the Secretary to the Government of Madras, Revenue Department, to the Hon'ble the Resident in Mysore.

1. I am directed to reply to your letter No. 965, dated 27th February 1900, on the subject of the incorrect demarcation of the boundary between Kalhalli village of the Kudligi Taluk, Bellary District, and Giddanahalli village of the Challakere Taluk, Chitaldrug District (Mysore).

2. The disputed site has been inspected by the Head Assistant Collector, Bellary, in company with the Tahsildar of Kudligi and the Tahsildar of the adjoining Mysore Taluk, and from the reports made by the local officers it appears that there has been a small encroachment on the British side, which seems to have been caused by the British surveyor consulting actual occupation and not studying the Mysore boundary marks. Taking the numbers assigned to the stones in the sketch forwarded with your letter under reply, I am to say that the British station No. 2 is not a theodolite station, but a village boundary stone correctly placed on a line with the Mysore marks; and that British stone No. 3 is not a boundary mark, but a theodolite station.

3. To rectify the incorrect demarcation this Government has directed—

(1) that British stone No. 1 be removed altogether. The line will then run correctly from stone No. 7 to stone No. 2 and exactly correspond with the Mysore boundary;

(2) that British stones Nos. 3 and 4 which are theodolite stations be sunk flush with the ground;

(3) that a new stone be placed on the British side of Mysore stone B; and

(4) that British stone No. 5 be retained in its present position though placed on the Mysore side of Mysore stone C., as the latter is on the very verge of a vanka and is likely soon to disappear.

4. Letter No. 337, dated 17th October 1900, from the Deputy Commissioner, Chitaldrug District, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your memo No. 1512—R. 484 dated 17th August 1900, regarding the incorrect demarcation of the boundary between Kalhalli village of Kudligi Taluk, Bellary District, and Giddanahalli village of the Challakere Taluk of this District, I have the honor to state that the rectification of the incorrect demarcation in the manner proposed in the Assistant Resident's letter No. 3966—92-900, dated 13th August 1900, will set matters right.

5. Letter No. 3569—R. 1158, dated 30th October 1900, from the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Hon'ble the Resident in Mysore.

1. I am directed to acknowledge the receipt of your memo No. 3966—92-900, dated 13th August 1900, forwarding for the views of the Durbar, a copy of letter No. 2054, dated 1st idem from the Secretary to the Government of Madras, Revenue Department, *in re* the rectification of the incorrect demarcation by the Madras Survey Department, of the boundary between Kalhalli village of the Kudligi Taluk, Bellary District, and Giddanahalli village, Challakere Taluk, Chitaldrug District.

2. I am to state in reply that the rectification of the incorrect demarcation in the manner laid down in para 3 of the Madras Government Secretary's letter above referred to, will set matters right, and to request that the Durbar may be favored with a further communication when the rectification has been actually carried out accordingly.

6. Letter No. 6366, dated 21st December 1901, from the Assistant to the Hon'ble the Resident in Mysore, to the Dewan of Mysore.

In continuation of this office endorsement No. 3966, dated the 13th August 1900, on the subject of the rectification of an incorrectly demarcated boundary lying between the Kalhalli village in the Kudligi Taluk of the Bellary District, and the Giddanahalli village in the Challakere Taluk of the Chitaldrug District in Mysore, I am directed to forward, for the information of the Durbar, a copy of a further communication No. 1075, dated 19th November 1901, and of its enclosures received from the Government of Madras in the Revenue Department on the subject.

ENCLOSURE.

Letter No. 1075, dated 19th November 1901, from the Secretary to the Government of Madras, Revenue Department, to the Hon'ble the Resident in Mysore.

1. Adverting to my letter No. 2054, Revenue, dated 1st August 1900, on the subject of the rectification of an incorrectly demarcated boundary lying between the Kalhalli village in the Kudligi Taluk of the Bellary District and the Giddanahalli village in the Challakere Taluk of the Chitaldrug District in Mysore, I am directed to state that, from the later reports received from the local officers, it appears that the incorrect demarcation is not confined to the triangular piece of land, measuring about 7 cents which is colored blue in the sketch received with Col. Robertson's letter No. 965, dated 27th February 1900, but that the encroachments made by the British villagers consist of three triangular pieces, measuring in the aggregate about 87 cents. I am to say that orders have now been issued to have the line of boundary correctly demarcated in accordance with the Mysore Survey line.

2. I enclose for reference a sketch showing the boundary according to the British and the Mysore village maps and the corrections which this Government have ordered to be now made on the ground.

SKETCH SHOWING THE BOUNDARY OF KALHALLI KUDLIGE TALUK, BELLARY DISTRICT AND GIDDANAHALLI CHALLAKERE TALUK, CHITALDRUG DISTRICT.

EXPLANATORY NOTE.

The British Survey boundary marks are shown in dotted lines and the Mysore Survey Boundary marks are shown in black ink The portion ploughed up by the Kalhalli villagers is shown in blue pencil on the sketch

2. The British boundary stones at places marked 2 and 4 on the sketch probably indicate theodolite stations and lest they should be mistaken for boundary stones, it is desirable that they should be buried flush with the ground.

3. The Survey demarcation of Giddanahalli being prior to that of the British village of Kalhalli, the British boundary marks at places 1, 3 and 5 should be placed on the British side of the Mysore boundary marks at A, B and C. The British boundary marks at 6 and 7 being on a line with the Mysore boundary may remain undisturbed.

PETITION

Proceedings of the Government of Mysore,

READ THE FOLLOWING PAPERS :—

(1) Letter No. 84—1, dated 10th June 1893, from the Superintendent of Inam Settlements.

1. I have the honor, with reference to your letter No. 18913—J. F. 65-92, dated the 12th May 1893, to submit an office memo containing the information required as regards the number of Final Title-deeds issued in the Inam Department up to date, and in what period.

2. Could the preparation and issue of Title-deeds by the Inam Department proceed uninterruptedly, there would be no difficulty in calculating the time it would take to complete the whole work. But the Inam Department is dependent upon the Survey Department for the allocation statements and the Survey Department is dependent upon the Revenue authorities for certain co-operation as regards data, besides having to contend with the naturally laborious and difficult work of allocation. The state of the work in the Inam Department will be gathered from the following figures :—

	No.
Final Title-deeds issued since the new orders of 1887 ...	6,539
Prepared and being compared	1,686
Under preparation	315
Not commenced	839
Still to come from the Survey Department	34,442
Total ...	43,821

3. The detail of the 34,442 cases still to come from the Survey Department is as follows :—

		No.
(*a*)	Allocation statements finished and sent to taluks to ascertain wishes of inamdars.	9,058
(*b*)	In hand being prepared	12,886
(*c*)	"Wahiwat Takhta" or statement of occupancy according to Survey Settlement still to be received from Amildars.	5,246
(*d*)	Not commenced	769
(*e*)	Quit-rent Registers not yet received from the Inam Department.	4,873
(*f*)	Taluks not yet settled	1,610
	Total ..	34,442

Cases (*e*) for which Quit-rent Registers have not yet been received from Inam Department and cases (*f*) in taluks not yet settled are of course beyond the control of the Survey Department, because they cannot be taken up. There are only (*d*) 769 cases not yet commenced for which data have been received in the Survey Department. The cases which are of importance are those under (*a*), (*b*) and (*c*) and regarding these some explanation is necessary. 9,058 cases (*a*) are completed, so far as the Survey Office is concerned, but the Amildars have been requested to obtain the wishes of the inamdars as to what numbers they would like to have as inam and what numbers should be resumed as excess. On this point I have some proposals to make further on. 12,886 cases (*b*) are in hand and are being proceeded with, as quickly as possible, but they too, when ready, will, under the present system, have to go to the various taluks to obtain the inamdars' zobanies. 5,246 cases (*c*) cannot be gone on with until the actual occupancy as per Survey Settlement is obtained.

4. It will be gathered from the above that when a taluk has been settled and the Quit-rent Registers obtained from the Inam Department, the first step is to obtain from the taluk the Wahiwat Takhta or statement of the entire actual enjoyment, as per survey of each inam. This process cannot be dispensed with. The "Wahiwat Takhta" having been received, the allocation is made in the Survey Office and when completed, the statement is sent to the Amildar in order that he may call up all the inamdars, and make, as it were, a kind of allocation settlement in accordance with their wishes. This latter is a process which is not followed in Bombay, but I adopted it as likely to tend to the interests of the inamdars themselves and to a settlement likely to save future complaints. The plan however has not been successful, for the inamdars adopt every possible subterfuge, by non-attendance, refusal to say what they want and so forth, to defeat and, above all, to postpone the settlement and the Amildars, through want of firmness, or for some other reason, seem unable to cope with the difficulty, taking in some cases a whole year, and sometimes two years, in carrying out the Survey Superintendent's order. As the figures in the Survey Office show each year's delay (*a*) represents a loss to Government, of, in round numbers, Rs. 20,000. I propose, therefore, that for the future the Survey Superintendent should discontinue the practice of sending the allocation statements to acertain the wishes of the inamdars. There is no hardship in this, as there is

no question of dispossession; the inamdars being at liberty to hold as much as they please, only they have to pay the full survey assessment of the "Khalsat" portion. I propose however, that the limit beyond which relinquishment of excesses in inams (when the same survey number contains inam and excess) is to be permitted should, for maidan taluks, be raised from Rs. 2, as laid down in Government Proceedings Order No. 2771-9—64, dated 14th July 1882, to Rs. 4. All excesses above Rs. 4 will be directed to be separately demarcated without consulting the inamdar who, however, should he agree at the time of measurement, of which due notice will be given him, to retain the excess as "Kassar," will be permitted to do so provided he gives a written agreement to that effect.

5. If the above suggestion be approved, *viz.*, that the Survey Superintendent should decide, without reference to the inamdar, what *whole* survey numbers shall constitute the inam and excess respectively and that the limit for maidan taluks beyond which separation (not necessarily relinquishment) of the excess in survey numbers partly inam and partly kalsat shall be permitted, as laid down in Government Order No. 2771-9—64, dated 14th July 1882, be raised from Rs. 2 to Rs. 4, there is no doubt that the work of allocation and consequently the issue of Final Title-deeds will proceed much more quickly, the delay hitherto having occurred, almost entirely in the taluk and not in the Survey Office. The work of subdivision too will be greatly lightened and in my opinion without any hardship to the inamdars.

(2) Letter No. 226, dated 27th September 1898, from the Superintendent of Revenue Survey in Mysore.

1. I have the honor to acknowledge the receipt of Official Memorandum, Office of the Dewan of Mysore, dated 13th September 1898, on the subject of levying "Khalsat" proportionately from all the hissedars enjoying an inam. Subject No. 160 of the Dasara Representative Assembly Proceedings of October 1897.

2. It was directed in Government Proceedings No. 22616—F. 139-93, dated 19th June 1894 (in the case of Subba Bhatt of Agsarahalli, Belur Taluk, who complained of the hardship of not distributing the "Khalsat" proportionately) that the "Khalsat" assessment should be charged as jodi on the entire inam and the combined quit-rent recovered from the sharers in the proportion of the survey valuation of the portions of the inams held by them.

3. On the authority of the above proceedings, I have disposed of all cases in which disputes have arisen amongst the hissedars of an inam and therefore, so far as special instances of hardship, brought to notice are concerned, nothing has been left undone, but I think there should be a general ruling on the subject.

4. I beg to recommend therefore that, not only in the case of inams in which there are hissedars, but in the case of minor inams, the term "Khalsat" should be abolished and the term "Kassar" adopted, the latter being levied as jodi. The combined quit-rent can then be levied on the entire inam proportionately to the survey valuation of the land held by each sharer, should there be sharers.

5. Some collateral cases connected with, or arising out of the change, may perhaps have to be dealt with later on but in the mean time the alteration I have recommended will be appreciated by the inamdars whilst the loss to Government will be comparatively immaterial.

(3) Letter No. 302, dated 6th November 1900, from the Superintendent of Revenue Survey in Mysore.

1. I have the honor to invite attention to my letter No. 226 of the 27th September 1898, recommending that in the case of all minor inams the term "Khalsat" should be abolished and the term "Kassar" be substituted, the latter being levied as jodi.

2. I have continued to dispose of all cases, in which the complicated nature of the disputes amongst sharers, demanded such a course, under the authority of Government Proceedings No. 22616—R. F. 139-93, dated 19th June 1894, but until the question on which I now solicit the decision of Government is disposed of, the allocation of inams has been suspended in my Office, and as this work represents an important section of such Office work, arrears are accumulating.

No. 2106-15—P. F. 58-95, dated Bangalore, 16th May 1902.

Order thereon.—In the first of the letters read above, the Inam Superintendent brings to notice that the issue of Final Title-deeds for minor inams is retarded by the obstructive tactics of the inamdars and proposes that the practice of consulting the inamdars' wishes in regard to the allocation of these inams may be discontinued and that the limit beyond which relinquishment of excesses in inams is to be permitted may be raised from Rs. 2 to Rs. 4.

2. In regard to the first proposal, the Government observe that under Government Order No. 2771-9—R. 46, dated 14th July 1882, the settlement of the excess has to be made by the Superintendent of Revenue Survey and that within six months of the announcement of this settlement, the inamdars are required to apply for relinquishment, if any, of the excess in their inams. The Government agree that the present practice of consulting the wishes of the inamdars before the settlement is not necessary under the proceedings referred to above and may be discontinued.

3. As regards the second proposal, the Government see no sufficient reason for raising the limit.

4. The Government sanction the proposal contained in the second of the letters read above, with the proviso that the assessment on the excess should be regarded as additional quit-rent and not as kassar which is ambiguous in meaning and may imply that the combined quit-rent is liable to be revised at a re-settlement. The registers in the Office of the Superintendent of Revenue Survey should however, show separately (1) the quit-rent proper, (2) the charge on account of excess and (3) the total combined quit-rent payable by the inamdar.

5. Rule 3 of the Rules published under Notification No. 153, dated 12th December 1887, will be amended and the following notification will be published in the *Mysore Gazette*.

NOTIFICATION.

No. 2116—P. F. 5895, dated 16th May 1902.

The Government of Mysore are pleased to direct that the following be substituted for Rule 3 of Notification No. 153, dated 12th December 1887:—

"3. Out of the land hitherto enjoyed as inam, all excess over and above the extent confirmed as inam under Rule 2 above, shall be charged with full assessment, the assessment being leviable as additional quit-rent on the whole inam. The inamdar will be at liberty to relinquish, within six months of the notification to him of the settlement of the excess, any portion of the excess assessed at not less than Rs. 2."

Proceedings of the Government of Mysore,

(1) Correspondence ending with the Proceedings of Government No. 491-2—2681-2, dated the 21st January 1902, remarking upon the inadequacy of the punishment of a fine of Rs. 20 passed upon a Forest watcher (Mahadeva) on leave, for setting fire to the Malebennur State Forest in the Chitaldrug District, and authorizing the Government Advocate to make an application to the Chief Court in view to the punishment awarded by the Taluk Magistrate of Davangere (A. Krishnaswamaiengar, B. A.) being suitably enhanced.

(2) Letter No. 169, dated 21st April 1902, from the Government Advocate in Mysore, submitting a copy of the judgment of the Chief Court directing, in supersession of the order of the Magistrate, that the accused be rigorously imprisoned for three months and that he do in addition pay a fine of Rs. 50 and in default be rigorously imprisoned for a further period of three months.

No. 774-81—4007-14, DATED BANGALORE, 5TH MAY 1902.

ORDER THEREON.—Government are glad that the accused has now been adequately punished, and they direct that a copy of the judgment of the Chief Court as transcribed below be communicated to the Deputy Commissioner of the Chitaldrug District with reference to his letters on the subject.

Judgment.

"The accused has not appeared though duly served with notice. There is no reason to doubt the correctness of the finding that the accused set fire to the forest. The sentence of fine of Rs. 20 is clearly inadequate when the damage done is said to amount to not less than Rs. 50. But it seems to us that the case is one calling for a sentence of imprisonment as well as fine. We direct accordingly, in supersession of the order of the Magistrate, that the accused Mahadeva be rigorously imprisoned for three months and do also pay a fine of Rs. 50 and that in default of payment of the fine he be rigorously imprisoned for a further period of three months."

No. 786-94—4035-43, DATED BANGALORE, 6TH MAY 1902.

ORDER THEREON.—Under the circumstances explained, Government are pleased to sanction the writing off the accounts the sum of Rs. 92-6-11, as detailed on the margin, with the observation that old and unadjustable balances of this kind should not have so long been allowed to be outstanding. Government note with satisfaction that it has been found possible to account for and adjust the bulk of the heavy balance of Rs. 3,603 in question, but they are unable to understand why, if the officers concerned had given, as they ought to have done, the personal attention that fiscal matters of this description required, there should have been any unaccountable balance at all, however small.

Proceedings of the Government of Mysore,

READ—

Correspondence ending with docket No. 304, dated 3rd April 1902, from the Deputy Commissioner, Mysore District, recommending the transfer of the hereditary Muzrai cash allowance of Rs. 4-13-0 per mensem, enjoyed by one Sreenivasiengar, to the name of his son.

No. 1860-9, DATED BANGALORE, 21ST MAY 1902.

ORDER THEREON.—From the correspondence read above, it is observed that the said Sreenivasiengar, who was in receipt of an allowance of Rs. 4-13-0 per mensem from the Seringapatam Taluk, died on the 20th October 1900. The allowance being of a hereditary nature, the Deputy Commissioner recommends the transfer of the stipend to the name of Sreenivasiengar, eldest son of the deceased. This recommendation is approved. The Deputy Commissioner is accordingly requested to submit a draft stipend order in the name of the new stipendiary Sreenivasiengar for signature.

2. The old stipend order in the name of the deceased Sreenivasiengar has been cancelled and filed in this office.

3. From the stipend order it is observed that payments of the allowance were not at all noted on it ever since the order was issued in the name of the deceased stipendiary, *viz.*, June 1892. By way of explanation, the Deputy Commissioner states that since the issue of the order in question, payments were not entered therein, as is required to be done, but that the name of the stipendiary was entered in the taluk baraward, and the stipend disbursed to him regularly up to the end of September 1900. This explanation, the Government observe, is not satisfactory. It is highly irregular on the part of the Taluk Treasury Officer to have disbursed the amount without recording the payment thereof in the stipend order in accordance with the standing rules on the subject. The Deputy Commissioner is requested to point out this irregularity to the Amildar concerned, and give necessary instructions for his future guidance.

Proceedings of the Government of Mysore,

READ—

Letter No. J. 1135, dated 7th April 1902, from the District Magistrate, Bangalore District, forwarding an application from one Rangashetty, a licensed vendor of explosives in Magadi, for permission to sell explosives in certain fairs and festivals to be held in the suburbs of Magadi, and requesting instructions as to whether such permission may be granted as the rules under the Explosives Regulation are not explicit on the subject.

(2) Letter from the Secretary to Government, Geological Department, to the District Magistrate, Bangalore District, No. 562—S, dated 14th April 1902, calling for his opinion as to the convenience and the necessity for the issue of such permits, and enquiring whether Rangashetty's application is the first of its kind or whether explosives are at any time sold in fairs and festivals in other parts of his district.

(3) Letter from the District Magistrate of Bangalore, No. J. 1210, dated 6th May 1902, stating that the issue of such permits is convenient both to the Government and the dealers, that he has no objection to the issue of such permits and that no permits have been issued up to date for the sale of explosives in fairs and festivals in other parts of his district.

(4) Note by the Chief Inspector of Explosives in Mysore, No. 81, dated 8th May 1902, suggesting the procedure to be adopted with regard to the issue of such permits.

No. C. 1-10—S, DATED CAMP AMBLE, 20TH MAY 1902.

ORDER THEREON.—The Government have no objection to the issue of licenses for the sale of explosives in fairs and festivals in the villages of Mysore and are pleased to direct that the following procedure, suggested by the Chief Inspector of Explosives, may be adopted in granting such licenses:—

"(1) Any person wishing to sell explosives at fairs or festivals may be given a license in Form B under the Mysore Explosives Rules.

(2) The maximum amounts to be possessed by the licensee at any one time shall be fixed by the licensing officer and stated on the license form and shall in no case exceed 50 lbs. of gunpowder, or in lieu of each 1 lb. of gunpowder,

2 lbs. of explosive contained in ammunition of the 1st Division of the 6th class,

or 2 lbs. of manufactured fireworks (Division 2, class 7).

(3) Under the heading "Place of business" (*vide* Form B) shall be stated the names of the fairs or festivals at which the explosives may be sold.

from the State Geologist in Mysore, submitting proposals for increasing the strength of the office establishment of the Geological Department.

No. C. 12-13—S., DATED CAMP AMBLE, 20TH MAY 1902.

ORDER THEREON.—In the papers read above, the State Geologist represents that the office work in his Department has considerably increased in all branches during the past few years, that the establishment sanctioned for it in Government Proceedings No. 29-G., dated 27th July 1898, is inadequate and that an office establishment is required for the Deputy Inspector of Mines on the Kolar Gold Fields, where all the office work is now being managed by a single clerk of the Geological Department. The State Geologist also submits that, as in other Departments, a scale of progressive salaries may be sanctioned for the office establishment of his Department, as the prospects of promotion to deserving men are very limited at present.

2. The present strength of the office establishment of the Geological Department, as sanctioned in Government Proceedings No. 29-G, dated 27th July 1898, and Memo No. 172-G., dated 27th March 1900, is as follows :—

	Rs.		Rs.
1 First Clerk on	... 40	1 Third Clerk on	... 30

Head-quarters—Ooregum.

Second „	...	15— $\frac{5}{5}$	30 + 10, Gold Fields allowance.	

4. The Government are pleased to accord their sanction to increase the strength and salaries of the establishment of the Geological Department on the scale above proposed and to direct that the increments proposed be granted strictly according to the provisions of the Mysore Service Regulations. The increase over the present establishment is three clerks and the increase over present monthly cost is a maximum of Rs. 157+30 and a minimum of Rs. 37+30.

5. The revised scale as above will have effect from the 18th November 1901 as regards the office of the State Geologist and Secretary to Government, Geological Department, and from the 26th March 1902 for the office of the Deputy Inspector of Mines on the Kolar Gold Fields.

6. With regard to the entertainment of the three additional clerks sanctioned above, the Government observe that, as some of the increase in the work of the Geological Department is due to the addition of the Secretariat Branch, three clerks from the Dewan's Office (General and Revenue Branches) may be transferred to the Geological Department. The Secretary to Government, General and Revenue Departments, has, in his Memorandum No. R. 3753-4, dated 25th February 1902, directed the transfer of two clerks and he is now requested to transfer a third clerk at an early date.

7. With the opening of a separate Inspector of Mines' Office on the Kolar Gold Fields, the salary of the establishment of that office will be drawn in the Bowringpet Taluk Treasury on monthly salary bills signed by the Inspector or Deputy Inspector of Mines and the Comptroller is requested to arrange for this payment accordingly.
